Abstract

Four sentences

1 Introduction

2 Data

```
## # A tibble: 7 x 2
##   character      sum
##   <chr>         <dbl>
## 1 Employment_status 3563
## 2 Mother's_education 3565
## 3 Occupation        3565
## 4 Region            3566
## 5 Residence         3565
## 6 Total             3564
## 7 Work_status       3564
```

Table ?? shows that 3,566 participated the survey, but there are 3 whom did not answer their employment status, etc.

3 Results

4 Mother's education
